

Outreach – Care and Support Worker

£9,684 Part time 16 hrs (£24,211 for 40 hrs)

You will be employed to help ensure that the people we support live the life they want, regardless of their disability. No two days are ever the same as the people we support are always looking to engage in a new activity, visit a new place or gain different skills.

Working with us means you can work with an experienced supportive team, access a full training programme and induction schedule and have the opportunity to progress and develop through your time with us.

If you think you have the skills required to succeed in this rewarding role, or you'd like a complete career change. Get in touch. Full training will be provided alongside ongoing supervision and support from our dedicated management team. Successful applicants will require an enhanced DBS disclosure.

If you are interested, please contact Katie McDonnell or Cee Kay for an application pack and job description.
